

Mandy Mintz

UI/UX & Product Designer

mandymintz@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

UI/UX Designer with 3+ years of experience creating visually engaging, intuitive interfaces for SaaS, mobile, and web applications. Skilled in high-fidelity UI design, responsive layouts, and design systems that ensure consistency across products. Adept at collaborating with developers, product managers, and stakeholders to deliver enterprise-ready digital solutions. Passionate about elevating user experience through strong UI craft, accessibility, and visual systems.

SKILLS

Design & Tools: Figma, Adobe XD, Photoshop, Illustrator, InDesign, Miro, Ideation

UX: Wireframing, Prototyping, Journey Mapping, User Flows, Accessibility, Human-Centred Design

Collaboration: User Research, Usability Testing, Agile, Sprint Planning

Productivity: Google Workspace, Microsoft Office

EXPERIENCE

Freelance Product & UI/UX Designer | Toronto, ON

May 2023 – Present

- Designed and refined digital products, brand identities, and assets for small businesses and independent clients.
- Created responsive website layouts and interface visuals aligned with client goals and accessibility best practices.
- Explored new design directions and concepts through self-initiated Figma projects focused on usability and visual clarity.
- Collaborated with developers and business owners to ensure visual consistency and a cohesive product experience.

UI/UX Designer – Spandrel Interactive | Remote

Mar 2022 – Apr 2023

- Led UI design of a simulation tool used for community behaviour and public health scenario modelling.
 - Created high-fidelity wireframes, prototypes, and design system components using Adobe XD and Figma.
 - Collaborated closely with developers to ensure design fidelity and smooth implementation.
 - Applied accessibility standards and responsive design principles to improve usability across devices.
-
